

NAME: _____

Purpose

To use estimation to mark a point for a number on a number line

Math Words

halfway between

15 is halfway between 10 and 20 on the number line.

point

A dot on a number line shows where the point for a number is.

units

10 equal units fit between 0 and 10 on a number line.

Starter Problem

Draw a point to show about where 26 is on this number line.

NAME: _____

Starter Problem

Draw a point to show about where 26 is on this number line.

Student Thinking

Amy

Halfway between 20 and 30 is 25. So, 26 is 1 more unit. I could check by drawing equal units.

Michael

I need 6 marks after 20 to find the point for 26.

Things to Remember

- * _____
- * _____
- * _____
- * _____

NAME: _____

Our Turn

Draw a point to show about where the number is on each number line. Label the point.

1. 28

2. 14

3. 37

NAME:

My Turn

Draw a point to show about where the number is on each number line. Label the point.

1. 23

2. 19

3. 45

NAME: _____

Multiple Choice Mini Lesson

Fill in the circle next to the answer you choose.

1. Which number line correctly shows the point for 14?

2. Which number line correctly shows the point for 27?

NAME: _____

Multiple Choice Mini Lesson

Fill in the circle next to the answer you choose.

1. Which number line correctly shows the point for 14?

2. Which number line correctly shows the point for 27?

NAME:

Writing Task Mini Lesson
