System Requirements

- Please be sure to read the End-User License Agreement included in this digital resource library. This agreement governs your use of these materials.
- Adobe Reader, Microsoft Word, a web browser, and online service are needed for accessing the contents of this digital resource library.

- Download Adobe Reader (free) from <http://get.adobe.com/reader/>.
- Microsoft Word is required only for the Assessment Task Item Bank files and the Assessment Template files. To be able to modify these files to create customized assessments, you will first need to copy the files to your computer. These assessment files are recommended but not mandatory for successful implementation of Math Pathways & Pitfalls.
- If you need any of the files from this digital resource library to be accessible for people using assistive technologies, or if you have any other questions, please contact customerservice@WestEd.org.
